MORE INFO

IMPORTANT DATES

Find the full **SDS Calendar of Events** on the program website or add it to your google calendar _here_.
- October 18: **SDS Seminar: Gitting Started with GitHub**
- October 22: **Alumni Social Event**
- October 24: **Withdrawal Deadline**
- October 25:**SDS Seminar: Integra Connect's Oncology Data Products & Services**
- October 31: **Spring 2023 Registration begins**

Spring 2023 Advising - Are You Ready?

DTSC STUDENTS- Registration for the spring semester is right around the corner. All **undergraduate** students have had a registration hold placed on their account and will need to meet with their assigned advisor in order to have the hold removed. Please keep in mind that you will not be able to enroll in classes until that hold has been removed from your account.

Students will be able to preview spring 2023 course offerings as well as see their assigned registration time on October 3rd. Registration begins with graduate students on October 31st, followed by undergraduate students later in the week based on credit hours earned.

If you have not set up your registration appointment with your advisor, please be sure to do so as soon as possible.

Angela Berardinelli

Carly Mahedy

Deanna Rella - Please use Connect to schedule advising appointments. Please check your email for more information from her.

GRADUATE STUDENTS - you need to prepare for registration as well! We'll do this with group advising sessions:

DSBA: We will have 1 in-person session and 1 virtual session. Please attend one:

- October 24, 2022 _in-person_ advising session, 4:00 - 5:00 PM, CCB 501
- October 26, 2022, _virtual_ advising session, 4:00 - 5:00 PM

Join Zoom Meeting
Meeting ID: 988 5702 6904

HIAN: We will have 1 virtual advising session:
- October 26, 2022, _virtual_ meeting, 12:00 noon - 1:00 PM

Join Zoom Meeting
Meeting ID: 961 2185 4481

DegreeWorks Audit: On Track To Graduate?

DegreeWorks is a web-based planning tool that accurately displays required coursework and helps students monitor their progress toward graduation. Students can access their real-time audit in DegreeWorks via my.charlotte.edu and should routinely check their progress toward degree completion.

For any required courses that are in the Fall Through or Not Counted sections of DegreeWorks, submit an Academic Petition that requests the courses be counted towards your program requirements.

If you believe your audit contains errors or the requirements do not match the catalog, students should contact:

Josh Hertel or **Carly Mahedy**

If you began in the Certificate program and transferred to the Master's program:
Please review your DegreeWorks for both your certificate and master's program and complete an application to graduate from both programs.

Center for Graduate Life and Learning

T h e [CGLL](#) provides a comfortable and safe environment where graduate students and postdoctoral fellows can network and get personal and professional support and development to enhance career success. Our services and programming focus on helping students refine and strengthen five core competencies proven to enhance chances for success beyond graduation: Communication, Leadership, Teaching, Cultural Engagement, and Ethics and Scholarly Inquiry.

Check out their calendar of events and list of resources for professional development opportunities and graduate student community.

Coursera for Campus

The School of Data Science has joined [Coursera for the Campus Basic Plan](#). DSBA and HIA graduate students and Data Science undergraduates can access more than 4,000 courses in the Coursera catalog. Students must request access by completing the google form below. Participants will receive an email confirmation from SDS and Coursera with an invitation to set up an account.
